Hello!

I'm Jonah and I am currently attending Simon Fraser University as a 3rd year Computer Engineering student. I also work full-time as a Data Analyst for SkyTrain!

I love food, travelling the world and playing video games with friends!

Work Experience

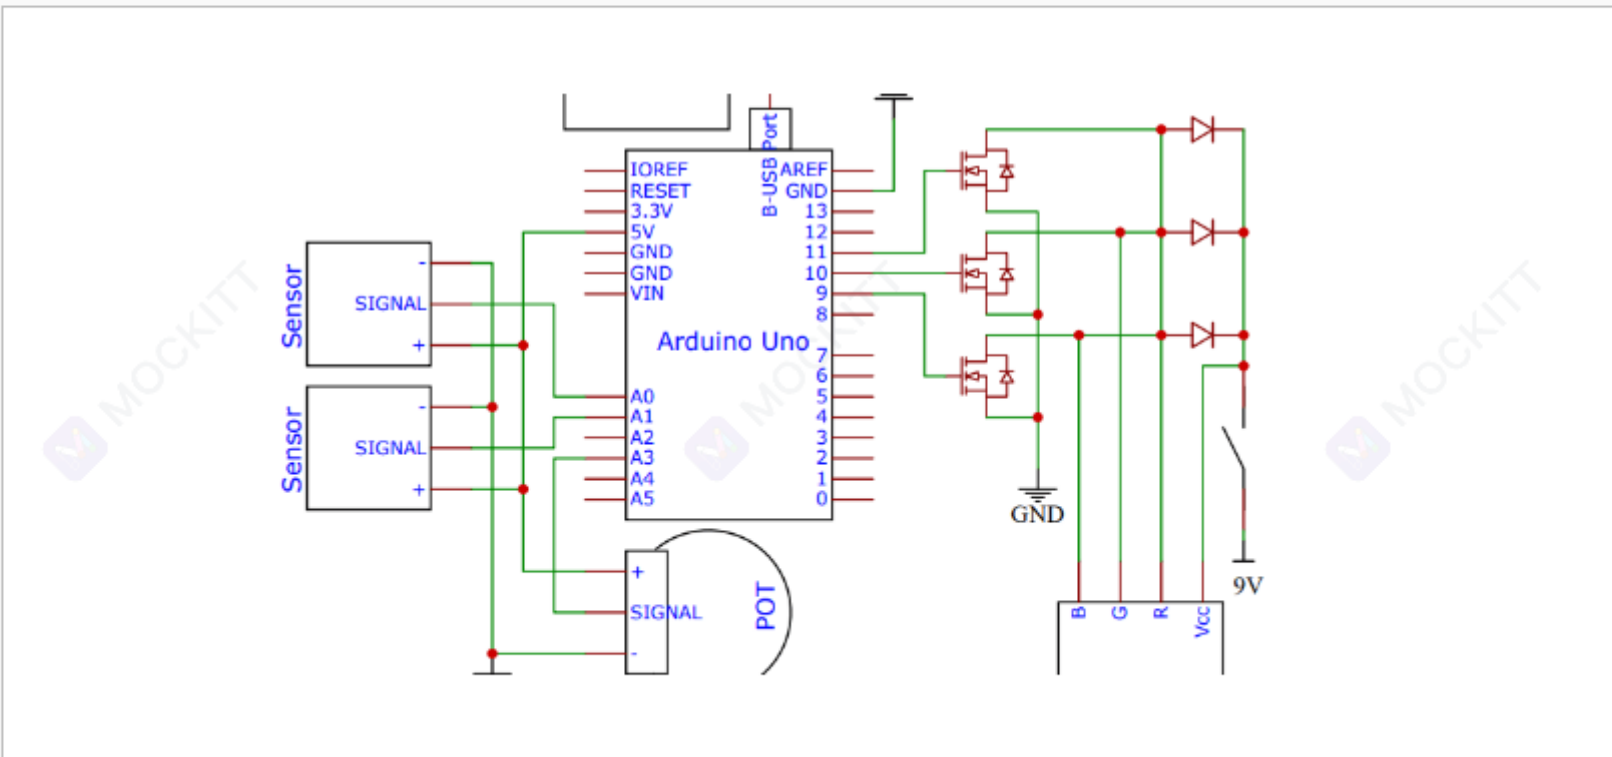

SkyTrain - Data Analyst
Sept 2023 - Current

• Maintained database on both asset and maintenance data on various SkyTrain systems.
• Conducted data collection on various assets using a variety of data collection tools.
• Consulted with stakeholders in an engineering/maintenance setting to ensure data is properly transformed.

Personal Projects

AmbiLamp
• Personal carry lamp that reacted to ambient light. Was able to be charged via USB and could change to cool/warm light with an adjusting knob.
• Employed C++ and Arduino microcontroller to create product.
• Worked in a team of 6 to plan, design and implement project within a few months.
